OS8.0 RELEASE NOTES

Version 8.0.141

BrightSign, LLC. 983-A University Ave., Los Gatos, CA 95032 | 408-852-9263 | www.brightsign.biz

Changes Since 8.0.127

Improvements

- OS-10431: OverrideDisplayEdid API added to roVideoMode.
- OS-10560: USB audio can now be independently controlled from player volume.
- OS-10414/OS-10415: Added validity checks to storage pathways, preventing sensitive information from being accessed.
- OS-10656: Improvements to VideoWall sync with HTML files.
- OS-10610: Improvements for cloud connected players.
 - Improved directory navigation using the DWS.
 - Fixed failure to download large files using the DWS.
 - Fixed the DWS failing to start the local DWS after an application restart.
- OS-10637: Available storage is now default for contents.html.
- OS-10749: Bootstrap updated to v1.0.62.
 - BCN-6819: Increased API security on players.
 - BCN-6676: /wshealth implemented for websocket health check.
 - BCN-6786: Fixed confusion between network and group names in the registry.
 - BCN-7024: Fixed exception if a registry was empty when read.
 - BCN-6962: Remote snapshot no longer fails when using portrait mode orientations.

- BCN-6737: DWS now can see directories named 'tmp'. Requires BrightAuthor:connected 1.1.1.

Bug Fixes

- OS-10031: Fixed sync polarity, improving support for 3840x1200x60p on certain displays.
- OS-10367: Fixed memory leak in AudioOutputManager.
- OS-10366: Added sync information to BSPLAY logs.
- OS-10578: Fixed memory leak that could occur when taking a screenshot.
- OS-10420: Added BVN error statistics to better detect HDMI errors.
- OS-10377: HtmlWidgetQt no longer crashes when adding fonts.
- OS-9156: Fixed potential crash when parsing closed captions.
- OS-10424: HTML elements will no longer be cropped and shifted when accessed through Intuiface.
- OS-10652: Fixed deadlock in GetStreamStatistics in HtmlWidget.
- OS-10626: Fixed an issue when rendering to the 6th display in 4kx42 players.
- OS-10631: Fixed full resolution graphics issues in XDx33 and XTx43 players.
